Activate & awaken your voice for healing, empowerment & full self-expression! Discover what your authentic voice is capable of, through powerful exercises and techniques that allow you to transform yourself on a cellular level, no matter your ability or experience with sound.

- \* Calm an active mind & become more grounded & centered.
- \* Boost your confidence & self-esteem while transmuting stress & anxiety.
- \* Free your throat chakra, open your heart, release & heal physical pain.
- \* Discover deeper personal expression, authenticity & listening skills.
- \* Learn Overtones & develop your intuition & inner wisdom.
- \* Receive insight & messages from spirit guides, ancestors & other light beings.
- \* Widen your vocal range & capacity & connect with your voice in new ways.

The workshop includes profound vocal exercises unique to the Soul Voice® method with individual, partner & group work. There are active & passive explorations in sound including deeply relaxing meditations, healings, sounding/toning & movement.

Soul Voice® is for those wanting to reclaim their voice, use it for healing or to feel more empowered. It is a practical tool for self-healing as well as your spiritual growth & evolution. It is a transmutational, deep diving modality where every individual is supported and guided on their unique journey. No singing or sounding experience is necessary... if you have a voice you can sound!
